SUSTAINABILITY

AT THE IOIO BUILDING

BREEAM®

fitwelSM

Winnersh Triangle has committed to achieving net zero carbon by 2050, certified with the Science Based Targets initiative. Winnersh Triangle has invested significantly into efficiency, biodiversity and resilience of the estate in order to meet our sustainability goals.

The IOIO building is BREEAM rated 'Very Good'. The building produces 22% less carbon emissions than a standard office building.

We have also created sustainable bio-diverse improvements across the Park, using native planting, introducing bees hives to promote pollination and nesting boxes for birds, bats and hedgehogs around the buildings to encourage wildlife.

Winnersh Triangle Business Park actively looks to collaborate with occupiers who have made their own carbon reduction commitment.

Surrounding amenities and access to sustainable transport options

Natural daylight

Smart, automatic, sub-metering so energy consumption can be tracked

BREEAM in use rated 'Very Good'.

5,000 neighbouring bees producing Winnersh Triangle honey

ISO14001 accredited (Environmental Management System)

Water efficiency fixtures

In one month alone, avoided emissions from the solar PV, represents the equivalent of planting 813 trees

129kWp rooftop solar PV, powering the common areas

LED lights throughout

Target EPC C

Highly efficient reversible ground source heat and cooling pump

FLOORPLANS

Building IOIO has been designed to accommodate multiple occupiers. The generous floor to ceiling height and open floor plates provides an abundance of natural light throughout the workspace.

WHERE ROAD MEETS RAIL

When it comes to transport connections, Winnersh Triangle is hard to beat.

The park has its own dedicated train station just a 3 minute walk from the Piazza. Providing direct and frequent rail services to Central London and Reading running every 30 minutes. A Park and Ride scheme operates from the station providing a service to central Reading, departing every 15 minutes.
